

08:15-09:45	<p>Workshop-1. Update in Identification of fungal infections and in vitro resistance Moderators: J. Meis and T.J. Walsh</p> <ol style="list-style-type: none"> 1. Clinical Mycology: New species and Taxonomy, N. Wiederhold 2. Diagnosis in tissue, T.J. Walsh 3. In vitro methods, J. Meis
09:45-10:00	Coffee break
10:00-12:00	<p>Workshop -2. Round Table: New concepts in diagnostics in medical mycology Moderators: P. Donnelly and T.F. Patterson</p> <ol style="list-style-type: none"> 1. Galactomannan, b-D-Glucan and Lateral flow device, T.F. Patterson 2. PCR, P. Donnelly 3. MALDI-TOF, R. Patel
12:00 -13:00	Free time
13:00-14:30	<p>Opening of the Symposium, Modern concepts in Stewardship Moderators: M. Slavin and J. Patterson</p> <ol style="list-style-type: none"> 1. In ICU: Deescalation Strategies, L. Ostrosky-Zeichner 2. In Hematology Unit, J.M. Aguado 3. Bacterial vs antifungal stewardship: commonalities and differences, M. Slavin
14:30-16:00	<p>Guidelines Moderators: G. Maschmeyer and G. Daikos</p> <ol style="list-style-type: none"> 1. Pulmonary infiltrates, G. Maschmeyer 2. Bacteriology, C. Viscoli 3. Mycology, T.F. Patterson
16:00-16:30	Coffee break
16:30-18:00	Industry sponsored Symposium
18:00-18:30	Free time
18:30-20:00	Opening lecture: The evolution of infectious disease management in the neutropenic patient: reflection of the last 50 years, P. Pizzo
20.00	Welcome reception (Divani Palace Acropolis Roof Garden)

Devise associated infectionsModerators: **I. Raad** and **A. Skoutelis**

1. Bloodstream infections and lock therapy, **I. Raad**
2. VP- shunt infections, **C. Kauffman**
3. Diagnosis of periprosthetic infections, **R. Patel**

08:00-09:00	Meet the Professor. Fungal resistance: diagnosis and clinical impact, M. Ghannoum and S. Arikan
09:00-10:00	Plenary session 1: Microbiome and immunosuppressed host, challenges and promises, E. Pamer
10:00-11:00	Coffee break - Poster viewing day 1 (Aristotelis B)
11:00-12:00	Round Table: Immunoenhancement strategies and new risks Moderators: D.P. Kontoyiannis and H. Einsele 1. T-cell therapy for Viral and fungal infections post SCT, H. Einsele 2. Small protein kinase inhibitors and fungal risk, G. Chamilos
12:00-13:00	Immunogenetics and fungal risk Moderators: T. Callandra and M. Lionakis 1. Aspergillosis, J.P. Bochud 2. Candidiasis, M. Lionakis
13:00-14:30	Industry sponsored Symposium with lunch
14:30-16:00	Round Table: Bacterial resistance in cancer patients Moderators: G. Daikos and I. Raad 1. Gram positive bacteria, R. E. Lewis 2. Gram negative rods, M. Akova 3. Infection control issues, R. Chemaly
16:00-17:00	Industry sponsored Symposium
17:00-17:30	Coffee break - Poster viewing day 1 (Aristotelis B)
17:30-19:00	Round Table: Hot topics in HIV Moderators: N. Sipsas and M. Battegay 1. Transplantation in HIV-positive patients, C. Cervera 2. HIV and chronic kidney disease, P. Gargalianos 3. HIV/AIDS treatment in 2018, M. Battegay
19:00-20:00	Plenary session 2: Mega-data to assess risk and treatment effects in the compromised host: promises and caveats, J. Ioannidis

20:15-23:00 – Official dinner (off site)

08:00-09:00	Meet the Professor. Returning immunosuppressed traveler: A case-based lecture, 1. V. Mulanovich , 2. A. Colombo
09:00-10:00	Open (Plenary)
10:00-11:00	Coffee break - Poster viewing day 1 (Aristotelis B)
11:00-12:00	Round Table: Respiratory viruses in hematological patients Moderators: P. Ljungman and C. Cordonnier 1. The burden of respiratory viruses in hematological patients, M. Boeckh 2. Vaccination strategies against respiratory viruses in SCT recipients, C. Cordonnier
12:00-13:00	Global issues of importance for the immunosuppressed host Moderators: C. Kauffman and M. Bassetti 1. Investigating epidemics: <i>C. auris</i> , T. Chiller 2. International travel and spread of MDR organisms, T. Zaoutis
13:00-14:30	Round Table: Severe viral reactivations in immunocompromised patients Moderators: R. Avery and H. Hirsch 1. Hepatitis B and C virus in Hematology patient, who, how and when to start antiviral prophylaxis? H. Torres 2. Hepatitis C virus and liver transplantation: How I do manage the risk? C. Durand 3. BK virus infection in SOT and SCT: How to follow up and when start treatment? H. Hirsch
14:30-16:00	Round Table: PK/PD and the role of TDM in highly immunosuppressed patient Moderators: J. Meletiadis and A. Groll 1. ICU, R.E. Lewis 2. The pediatric patient, A. Groll 3. The morbidly obese patient, J. Meletiadis
16:00-17:00	Open (Plenary)
17:00-17:30	Coffee break - Poster viewing day 1 (Aristotelis B)
17:30-19:00	Round Table: Diarrhea in the immunosuppressed patient Moderators: O. Cornely and E. Bow 1. <i>C. difficile</i> , O. Cornely 2. New treatments of mucositis, E.J. Bow 3. Adenovirus infections, H. Hirsch
19:00-20:00	Open (Plenary)

08:00-09:00	Meet the Professor. 1. Infection and liver diseases. Candidemia and cryptococemia in cirrhotic patients, M. Bassetti 2. Antifungal agents and liver toxicity, D. Kofteridis
09:00-10:00	Open (Plenary)
10:00-11:00	Coffee break - Poster viewing day 1 (Aristotelis B)
11:00-12:00	Round Table: Pediatric fungal infections Moderators: E. Roilides and M. Santolaya 1. Candida sepsis in premature neonates, T. Zaoutis 2. Aspergillosis in pediatric patient with leukemia, E. Roilides 3. Mucormycosis, Fusariosis and other rare mycoses, M. Santolaya
12:00-13:00	Round Table: Hellenic ID Society G. Samonis , G. Daikos , A. Skoutelis , N. Sipsas , P. Gargalianos , C. Gogos
13:00-14:30	Round Table: Diarrhea in the immunosuppressed patient Moderators: O. Cornely and E. Bow 1. <i>C. difficile</i> , O. Cornely 2. New treatments of mucositis, E.J. Bow 3. Adenovirus infections, H. Hirsch
14:30-16:00	Open (Plenary)
16:00-17:00	Coffee break - Poster viewing day 1 (Aristotelis B)
17:00-17:30	Round Table: Diarrhea in the immunosuppressed patient Moderators: O. Cornely and E. Bow 1. <i>C. difficile</i> , O. Cornely 2. New treatments of mucositis, E.J. Bow 3. Adenovirus infections, H. Hirsch
17:30-19:00	Open (Plenary)
19:00-20:00	Open (Plenary)

08:00-09:00 **Meet the Professor.** 1. Influenza in patients with leukemia or transplant, **R. Finberg**
2. Rhinovirus in HSCT recipients, **M. Boeckh**

09:00-10:00 **Plenary session 3:** Tissue engineering and infectious diseases, **A. Mikos**

10:00-11:00

11:00-12:00 **Round Table:** Focus in the solid organ transplant recipient
Moderators: **M. Oriol** and **J. Fishman**
1. Pretransplant evaluation, **M. Oriol**
2. Severe infections in lung and liver transplant recipients, **R. Avery**

12:00-13:00 **Round Table:** Quantifying the net state of immunosuppression
Moderators: **K. Marr** and **E. Bow**
1. How one assesses immunosuppression? Recurring event analysis in clinical studies, **K. Marr**
2. Immune reconstitution and AIDS, **O. Lortholary**

13:00-14:30 **Industry sponsored Symposium with lunch**

14:30-16:00 **Round Table:** Whole Genome sequencing and Infectious diseases
Moderators: **M. Ghannoum** and **J. Perfect**
1. The bug, **D. Perlin**
2. The host, **T. Callandra**
3. Microbiome/Mycobiome, **M. Ghannoum**

16:00-17:00

17:00-18:15 **Stump the Professor**
Moderators: **T.F. Patterson, H. Masur, J. Fishman, T.J. Walsh, J. Perfect, M. Slavin**

18:15-19:15 **Plenary session 4:** Infectious diseases causes of cancer, **H. Hirsch**

19:15-20:00 Closing and awards ceremony

Meet the Professor. How I treat breakthrough fungal infections: A case-based approach, **G.R. Thompson** and **G. Maschmeyer**

Open (Plenary)

Coffee break - Poster viewing day 2 (Aristotelis B)

Round Table: Biologically active agents and unusual Infections
Moderators: **D. Boumbas** and **H. Masur**
1. TNF inhibitors in rheumatology patients, **S. Tsiodras**
2. PML in patients with MS treated with biologics, **C. Cervera**

Round Table: Febrile neutropenia
Moderators: **M. Akova** and **C. Gogos**
1. Risk assessment strategies in Febrile Neutropenic patients, **K. Rolston**
2. Severe sepsis in the neutropenic leukemia patient, **T. Callandra**

Fungal Infections in South America - (An *inFocus* Symposium)
Moderators: **A. Colombo**, and **F. Queiroz-Telles**
1. Histoplasmosis: **T. Chiller**
2. Paracoccidioidomycosis: **A. Colombo**
3. Sporotrichosis: **F. Queiroz-Telles**

Coffee break - Poster viewing day 2 (Aristotelis B)

Round Table: GvHD
Moderators: **M. Slavin** and **P. Panayiotidis**
1. What is new in prevention? **E. Bow**
2. Current concepts in immunobiology of GvHD, **H. Einsele**
3. Infections in patients with severe GvHD, **K. Marr**

Open (Plenary)

Meet the Professor. 1. Infections in multiple myeloma and lymphoma: the role of new agents, **V. Morrison**
2. Check point inhibitors and infection, **M. Slavin**

Open (Plenary)

Coffee break - Poster viewing day 2 (Themistocles)

Round Table: Infections in patients with cystic fibrosis
Moderators: **D. Stevens** and **J.A. Aguado**
1. Fungal infections, **D. Stevens**
2. Mycobacterial infections, the *M. abscessus* threat, **O. Lortholary**

Coffee break - Poster viewing day 2 (Themistocles)

Open (Plenary)
