

CAROL A. KAUFFMAN, M.D.

Dr. Kauffman is Professor of Internal Medicine at the University of Michigan Medical School and Chief of the Infectious Diseases Section at the Veterans Affairs Ann Arbor Healthcare System. She is the Co-Director of the Microbiology/Infectious Diseases Sequence for first year medical students at the University of Michigan. Dr. Kauffman received her undergraduate degree from the Pennsylvania State University, attended medical school at the University of Michigan, where she also trained in Internal Medicine, and was a Fellow in Infectious Diseases at the University of Cincinnati Medical Center. She returned to the University of Michigan in 1977 and was promoted to the rank of Professor of Internal Medicine in 1981.

Dr. Kauffman is a Master of the American College of Physicians and a Fellow of the Society for Healthcare Epidemiology of America and the Infectious Diseases Society of America. She has served on the Board of

Directors of the IDSA and is Past-President of the Veterans Affairs Society of Practitioners in Infectious Diseases and the International Immunocompromised Host Society. She is the President of the Michigan Infectious Diseases Society and the non-profit Veterans Affairs Education and Research Association of Michigan. Dr. Kauffman serves on editorial boards in the areas of mycology, infectious diseases, and hospital epidemiology. She has been an active member of the Mycoses Study Group since 1979 and has been a member of the MSG Steering Committee since 2000.

Dr. Kauffman's research interests include prevention and treatment of fungal infections, infections in immunocompromised hosts, and infections in older adults. She has authored or co-authored over 330 peer-reviewed manuscripts and 120 book chapters.
